Product Specifications

- Standard Refer SNI 8877 & ISO 20344
- Size 37 - 46
- Weight 980 g(42/pair)
- Upper Double mesh with CPU and synthetic leather (PU)
- Lining Merimesh blue with foam
- Toecap Wide steel toe cap
- Outsole Polyurethane (PU)
- Insole Polyurethane with textile

Performance & Safety Standards

Impact Resistance
200 J

Pressure Resistance
15 kN

Separation Resistance of Outsole
≥ 4.0 N/mm
or Toe part: ≥ 310 N • Heel part: ≥ 450 N

Oil Resistance
< 12%

Heat Resistance of Sole
80°C

Slip resistance
SRA & SRB
